

ECO-FAB
STRUCTURE PVT. LTD.

NEPAL'S 1ST PRE-STRESSED PANEL & POST MANUFACTURING COMPANY

ABOUT COMPANY

EcoFab Structure Pvt. Ltd. in Biratnagar pioneers Pre-Stress Technology, creating durable and efficient Pre-Stress Precast Compound Walls (PSPCW). Our products, utilizing high-grade concrete and carbonized steel, cater to both commercial and residential spaces. We emphasize eco-friendliness, low maintenance, and superior strength to withstand diverse weather conditions. Join us for innovative and sustainable architectural solutions.

THE PROJECT

We're pioneering Pre-Stress Technology in Nepal with **Pre-Stress Precast Compound Walls (PSPCW)**. These panels and poles, made of high-grade concrete and high-tensile carbonized steel wires, bring robustness, durability, and cost-efficiency. They're tough, low maintenance, eco-friendly, and ideal for both commercial and residential spaces, effectively bifurcating and surrounding areas. Notably, PSPCW excels in time and cost savings, making it a game-changer.

WHY PRE-STRESSED PILLARS AND PANELS ?

Easy & Quick
Installation

High tensile wires
for durability
